FOLLOWED BY A DESERTED WOMAN. A sensation was caused in Fredericks-burg yesterday by the arrival on the noon train of a woman and three children, who at once went to the residence of F. B. Burt. Finding the house locked the woman took up quarters on the back porch and dispatched a note to Burt, asking to see him. When Burt arrived she told him she had come to live with him, as they had done for ten years in New York. Burt got out a warrant for the arrest of the woman on the ground of trespass, and she was taken before Mayor Rowe. In the ex-amination it was developed that Burt had married some years ago a Miss Ada Biglow, of New York, but met this woman, who gave her name as Mary Russell. He was then living in New York. His wife became aware of the fact of his living with the Russell wo-man and left him. Burt finally left the Russell woman and came to this city Russell woman and came to this city where he was employed in the Potomac Shoe Factory. Several months ago he went to Fredericksburg and accepted a position as superintendent of the Kenmore Shoe Company, and has since been quietly living with his wife, who, he claims, was Miss Ada Grinnen, of Carlisle, Pa., and who boarded with him at the Tontine while in this city. him at the Tontine while in this city. In the examination Burt claimed that In the examination Burt claimed that he had procured a divorce from his former wife and was legally married now. The Russell woman finally agreed to leave if her fare and that of her children was paid back to New York, which Burt paid. Burt admitted that he was the father of the three shildren

DISTRICT CONFERENCES.—The district conference of Washington District convened in Harmony Church, Hamil-Presiding Elder, in the chair. James E. Alexander was elected secreta and the regular business was attended A number of distinguished divines were present who made interesting addresses. The following lay delegates to the annual conference were elected : J. W. Furr, A. L. Johnson, J. B. Peugh and W. S. Embrey. Alternates-Henry Wolf, J. S. Hutchison, J. F. Murphy and George R. Hill.

The district conference of the Alexandria district Virginia conference M. E. Church convened at Falls Church on Thursday and will remain in session until Monday next. The reports of pastors were taken up and Rev. W. H. McAllister, of this city, Rev. A. N. Munday, of Arlington, and Rev. J. P. Feltner, of Hillsboro', made report of the work of their respective charges. During the session Rev. Mr. McAllister will read a paper on the subject, "Is the Epworth League a necessity?"

"DAMON AND PYTHIAS."—Mr. Edwin Ferry, who will appear as "Damon" at the Opera House Monday night, is a prominent Pythian, as are several other members of the company, and his choice of this play in preference to all the others of his repertoire is a graceful compliment to the Pythians of this city, being the home of their founder, the late Justus H. Rathbone. Classic plays, as a rule, particularly those of Shakspeare, abound in murders, sui-cides, etc., which leave a deep gloom over an audience at the final curtain, but John Banim's beautiful play, though thrilling in the extreme and working up to some of the most exciting climaxes, ends happily and leaves
every one with a feeling of intense relief and satisfaction. The Warren, Pa.,
Daily Chronicle says: "The Damon of
Mr. Ferry is an admirably portrayed
character, and his work in the part
has that nicety and finish which stamp
it as artistic." The criticisms Miss
Civalier's "Calanthe" received in Leasworking up to some of the most excit-Civalier's "Calanthe" received in Leesburg are excellent in every particular, and a most finished and complete per-formance may be expected.

PRESENTATION.—Mr. K. Kemper, Superintendent of Public Schools, at the teachers' meeting to day presented to Mrs. Sallie Yeates McDaniel a fine steel parlor lamp, the gift of Mr. John Fahnline, one of Mrs. McDaniel's for-mer pupils. The lamp shows consider-able mechanical skill in construction, and was designed and manufactured by the teachers' meeting to day presented Mr. Fahnline. The latter spent his juvenile days in Alexandria, and was an apprentice at Mr. F. Paff's shoe manufactory. He in early life exhibited mechanical skill, and upon reaching his majority became an iron worker. He is now superintendent of the Newcastle, Pa., Iron Works, in which one of Mr. Paff's sons also holds a position. The "There is Danger in Delay."

The new lodge was instituted, with E. H. Allen as Noble Grand, by D. R. Stansbury, Grand Representative, who also insall-ed the other officers. After the initia-tion and institution a banquet was convened in Harmony Church, Hamilton, on Tuesday, Rev. R. Smithson, fitable and pleasant evening. Delegations were present from Lorton Valley, Falls Church and Washington.

CHARGED WITH BIGAMY .- Archibald Anderson, colored, was before Justice Lovejoy this morning charged by Eveline Craig Anderson with bigamy. The case was brought under an old statute, which provides that when colored persons have lived together for a certain time as man and wife, they should be so considered, even if no actual marriage has taken place. The woman avows that the two have so lived for a long time, but that within the last year Anderson has married another woman. The case was continued till Tuesday next. Mr. C. C. Carlin appeared for Anderson.

THE FIRE ENGINES .- The Fire Wardens at their meeting yesterday even-ing granted permission to the Columbia and Hydraulion fire companies to take their engines to the Grange Association fair on the 19th to take part in the fire engine contests there. The wardens required that the steamer W. A. Smoot should be left here as a substitute en-gine in case of a fire and that a competent engineer be provided during the absence of the two city engineers. The two engines are also to be insured against danger.

REFUSED TO PROSECUTE HIM .- Dr Jones missed a case of pocket surgical instruments a few days ago, and supposed he had lost them. He advertised for them several days in the GAZETTE, and yesterday a negro boy took the missing articles to the doctor and was about to receive a reward, when a neighbor appeared on the scene and positively affirmed she saw the boy take the case from the doctor's buggy. Dr. Jones refused to prosecute the thiet, and he was allowed to go free.

SENT TO JAIL .- Louis Weingart, who was fined \$40 a day or two ago by Mayor Strauss for beating his wife and resisting and threatening Officer Davis, who arrested him, was paroled Thursday until he could go to Washington and endeavor to raise his fine from relatives. He returned yesterday without the money and was rearrested and sent to jail. If the fine is not paid by Monday he will be put to work on the chain gang cleaning the streets.

THE MARKET .- There was a well supplied market to-day and the attendance of both buyers and sellers was good. For some vegetables prices were rather low-er than those of last week. Peaches con-tinue scarce and high,

Arrangements are being made for the establishment of a new steamboat line between Norfolk, this city and Washington, to be know as the People's Line. It will at first be a tri-weekly line. A fire of mysterious origin destroyed the entirelplant of Nicolai Bros., deal-ers in oils, at Canal and K streets, ers in oils, at Canal and K streets, Washington, yesterday evening. The loss was complete, as nothing was rescued but the safe. The damage is estimated at \$20,000. The firemen, on their arrival, saw that it would be utterly impossible to save any part of the warehouse or the oil tanks, and devoted their attention to the preserva-tion of the large gasometer and the ad-joining houses, which they did. The report that a request had been sent here to hold the fire engines in readiness to assist was entirely incorrect.

From a letter written by Kev. J Gunderman, of Diamondale, Mich., we are permitted to make this extract: "I have no hesitation in to make this extract: "I have no nesitation in recommending Dr. King's New Discovery, as the results were almost marvellous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend as if she could not survive them.
